

Pre-Employment Agreement Sheet

The purpose of this document is to discuss a few different aspects and some of the requirements of working for Pro Wash. We want to create a positive image within the community. Please feel free to ask questions or for clarification on any points if you think you would be a good fit for Pro Wash.

Please make a copy of this for your personal records and submit a copy with this application.
Thanks.

GROOMING STANDARDS

1. Grooming is an important part of making a good first impression on a client. We are in the image business and we believe that our clients care about how things look. We want our clients to feel comfortable with their technician. If you make a good first impression, the homeowner is more likely to trust you and your work. Our general guidelines for hair are short and clean-cut looking. Hair needs to be brushed and maintained. A short beard that is maintained and neatly trimmed can be a beautiful thing.
2. Pierced body parts, tongue, face etc. Are not allowed.
3. Clean. We work a physical job. Shower every day. Clean hair. Use deodorant. A fresh washed shirt (carry an extra shirt and deodorant to use during the day in hot weather) are all absolutely necessary to be accepted on most job sites. We provide the shirts.
4. Neck, Head or Face Tattoos are not allowed.

TEAMWORK

It is important that we all work together as a team. On occasion, you may be asked to perform non-washing related tasks based on need, your qualifications and manager discretion. Tasks may include sales, cleaning of office or work space, maintenance on tools and equipment or anything and everything needed to run a business.

SMOKING and VAPING

Smoking or vaping is never allowed when the client is present, or while completing a job. We prefer you smoke between jobs, if it is a longer job and the homeowner is not around you may smoke at the truck.

DRUG TESTING

I understand that drug testing may be a part of my employment if I am hired.

NON-COMPETE AGREEMENT

Due to the investment in training and the competitive nature of our industry, you are required to sign a Non-Compete and Confidentiality Agreement. It states that you will not start your own pressure washing or roof cleaning business, work for another company, sell accounts for another company, etc. in the areas that we work in, during the time you are employed by us in for a minimum period of two years afterwards.

WORKING WEEKENDS

We sometimes need to work evenings and weekends, we will provide as much notice as possible.

WINTER WORK

Work can be very slow when temperatures are below freezing, when work slows to the point that you can no longer get sufficient hours we will "lay you off" so that you can draw unemployment benefits.
